OBSTACLE LIMITATION SURFACES (OLS) WEBINAR-ON-DEMAND

Webinar Overview

The airspace around each aerodrome must be protected from obstacles (trees, radio towers, cranes, etc.) so aircraft can safely enter and exit this space (take-off and land). To help aerodrome operators assess what is an obstacle and what is not, a number of 3D invisible surfaces are located around the aerodrome through which no object is allowed to penetrate.

During this 90-minute webinar we will discuss the characteristics of each Obstacle Limitation Surface, breaking down why each surface is so important to aircraft safety, and how to best monitor and manage this space at your aerodrome.

This awareness training aims to provide the participant with an understanding of how to protect the OLS space around their aerodrome, as well as manage the risk if an obstacle is found during a serviceability inspection.

Topics Covered

- Introduction to Obstacle Limitation Surfaces
- Key legislation and recent Part 139 MOS changes
- Identifying and monitoring OLS infringements
- Reporting requirements
- Obstacle restriction areas

If you have questions after watching the webinar you are welcome to contact the training team on training@amsaustralia.com

Who is this webinar for?

- Aerodrome Reporting Officers (new to industry or experienced)
- Work Safety Officers
- Aerodrome Managers
- Accountable Managers

Entry Requirements

There are no entry requirements for this webinar.

Certification

Those who participate in the webinar can download a Certificate of Participation upon completion.

Fees and Payment

A formalised quote will be provided upon request and prior to accepting an individual's enrolment.

Your invoice will be issued to you on the day of enrolment into the webinar, payment will be required within 30 days in accordance with our T&Cs.

Payment can be made via EFT, or credit card payments over phone on (08) 9221 6777. Please note a 2% surcharge applies for credit card payments.

LMS Subscription Timeframe

Please note your subscription fee will give you access to our webinar library for 30-days. Additional time or re-enrolment into the LMS will incur additional fees.

Ready to Enrol?

Please send your full name, email and purchase order through to training@amsaustralia.com and we will enrol you into our Learning Management System.
