# IMPLEMENT WILDLIFE HAZARD CONTROL MEASURES

## AVIW0023

### Course Overview

Our Nationally Recognised course has been designed to provide participants with the comprehensive skills and knowledge required to implement wildlife hazard control measures at their aerodrome. The course is mapped to the AVIW0023 Implement wildlife hazard management control measures unit of competency and meets the requirements of Part 139 Manual of Standards 17.07, as well as CASA Advisory Circular AC139.C-02 Aerodrome Personnel (3.2.2-Reporting Officer (ARO)).

This course runs for 2 full days. The first day will be in a classroom environment, with the 2nd day being held at a live aerodrome to conduct practical assessment activities.

### Topics covered in this course

- Wildlife identification
- Key legislation
- Assessing wildlife hazards and managing the risks
- Reporting procedures, and
- Record keeping requirements

### Course Entry Requirements

This course is **not recommended** for those that are new to industry. We strongly recommend that applicants for this course complete our AVISS00053 Aerodrome Reporting Officer Skill Set prior to attending, and have a minimum of 6 months experience at an aerodrome.

It is important to note this course is assessed at AQF Level 3 (Certificate III). During the course participants will be required to:

- Complete “standard” workplace forms and documentation
- Read course materials and understand verbal information provided throughout the course
- Reading and writing for theory assessments
- Perform basic maths calculations
- Communicate in small groups for group activities
- Carry out physical activities such as light manual handling tasks and “walking the aerodrome”

Course applicants will need to complete a Language, Literacy and Numeracy assessment prior to attending the course. This will be sent at enrolment.

### Who Should Attend This Course

This course is recommended for:

- Aerodrome Reporting Officers (with a minimum of 6 months experience)
- Aerodrome Supervisors or Managers
- Work Safety Officers

### Course Assessments

The course learning content will be delivered in a blended format. Course participants will receive their own comprehensive AMS Wildlife Handbook to reference during the course, and to keep for future reference. Theoretical assessments and practical group activities will be completed during the course.

AMS take a 'no-surprises' approach to assessment activities – each assessment will be explained to each participant prior to taking place. Our trainers will provide additional training and support where required, as per the [AMS Learner Agreement](#).

### Course Fees/Payment

A formalised quote will be provided upon request. As per our Refunds Policy (available on our website), we do not collect enrolment fees in advance for this course. Your invoice will be sent to you on the first day of the course, payment will be required within 30 days in accordance with our T&C's.

Credit card payments can be made over the phone on (08) 9221 6777 on or after the first day of the course. A 2% CC surcharge applies for credit card payments. Please note AMS reserves the right to withhold certification until full course payment has been made.

### Certification

Upon successful completion of this course (including meeting assessment requirements) participants will receive a Statement of Attainment for *AVIW0023 Implement wildlife hazard control measures*.
